

## Go back-to-school like a champion with Nesquik. Get inspired by great talents: go out, play and dream big!

*Milan, July 24 2017 – Recreation is very important and Nesquik knows it.* In fact, it has been supporting kids' happy and healthy growth since 1971 (in Italy).

**The story that ties children, teenagers and adults to Nesquik is very long,** but it all begins when milk and cocoa powder mix together. The white changes color, the irresistible taste lets your imagination and creativity run wild, the mind starts to envision new worlds, and everything seems magically possible.

Therefore, **Nesquik becomes the enabler, though recreation, of the great ideas** that we all struggle to express. We just have to get inspired, run outside and **make the world what we want it to be.** Though our imagination, buildings, streets, trees, clouds, everything that surrounds us can become a safari to discover, or the most thrilling amusement park.

**Nesquik helps children stimulate their minds and to always be ready to run and explore the paths to which their creativity leads them.**

Outdoor activities are essential components for children's proper development and healthy growth, but often their importance and efficacy are underestimated.

**Nesquik, proving again of being a great ally to moms and children,** to further encourage exercise and outdoor activities, **has partnered with FC Barcelona, one of the most important soccer teams** with more than 300 million fans around the world!

What inspired this idea? FC Barcelona, just like Nesquik, supports children's talents and, from an early age, instills in them the precious values of sports.

**This partnership of values and objectives will make going back-to-school more exciting, filled with surprises.**

From August 28 to December 17 2017, there will be the opportunity to **live new and extraordinary adventures by buying** a box of **500gr, 600gr\* or 1Kg\*\* of Nesquik** and **entering a contest.** In addition to the regular Nesquik product, there will be **a pack of 7 out of 22 collectable cards, created in collaboration with Panini.** On the front of each card there will be one of the FC Barcelona soccer players, while on the back there will be a game to play, specifically created for you to have fun with

friends and family. If you want to share your fantastic and creative ideas with us, **just take a video or a picture of you having fun with Nesquik and upload it on [www.nesquik.it](http://www.nesquik.it)**. Don't forget to cross your fingers because every week there will be the chance to **win a soccer ball signed by Nesquik/FC Barcelona**. The good news isn't over yet: a jury will select the overall best upload and **the winner, with 3 other people of his/her choice, will fly to Barcelona to experience the thrill of a soccer match at Camp Nou**.

What are you waiting for? Start playing now, a whole world of surprises awaits!
